SPECIAL AGRO-INDUSTRIAL PROCESSING ZONES PROGRAM
FEDERAL MINISTRY OF AGRICULTURE & RURAL DEVELOPMENT
NATIONAL COORDINATION OFFICE

Ref: SAPZ/NCO/COR/001/1/16

11th April, 2023

The Ambassador,
Embassy of Senegal
12, Jose Marti Street,
off General Yakubu Gowon,
Asokoro,
Abuja.

Dear Sir/Madam,

FORWARDING OF GENERAL PROCUREMENT NOTICE (GPN) FOR SPECIAL AGRO-INDUSTRIAL PROCESSING ZONES (SAPZ) PROJECT

The Federal Government of the Federal Republic of Nigeria has received financing from the Islamic Development Bank towards the implementation of the Special Agro-Industrial Processing Zones project in Kano, Kwara States and the Federal Capital Territory.

2. The National Coordination Office which is coordinating the project wishes to publish the GPN on the 17th April, 2023 for the awareness of the public, individuals, interested and eligible firms who may wish to participate in the project.
3. Being a member country of the IsDB, we are forwarding a copy of the GPN for you to published in your website/other channels of communication for the awareness of the business community in your country. Please note that the GPN can only be published on the 17th April, 2023.
4. Please accept the assurances of my highest esteemed regards.

Dr. Kabir Yusuf

National Programme Coordinator (SAPZ)

Address:

Fadama House, No 1, Eldoret Close, Off Aminu Kano Crescent, Wuse II, Abuja-FCt.

GENERAL PROCUREMENT NOTICE

COUNTRY: Federal Republic of Nigeria

NAME OF PROJECT: Special Agro-Industrial Processing Zones Project

SECTOR: Agriculture

MODE OF FINANCING: Services Ijara

FINANCING NO: NGA1040

IsDB Funded Component

The Federal Government of the Federal Republic of Nigeria has received financing in the amount of USD 150.52 Million equivalent from the Islamic Development Bank towards the cost of the Special Agro-Industrial Processing Zones Project in Kano, Kwara States including FCT and part of project coordination and management costs at the Federal and State levels, and it intends to apply part of the proceeds to payments for goods, works, related services and consulting services to be procured under this project. This project will be jointly financed by the African Development Bank and International Fund for Agricultural Development.

The project will include the following components:

Component-1. Infrastructure Development and Agro-Industrial Hubs (AIHs) Management:

This component will support the establishment of AIHs and will catalyze processing activities of the Value Chain commodities. For the component to meet and address the specific objective of the project which is to increase the competitiveness and business environment of the Nigerian agriculture sector, it will provide both hard and soft infrastructure that would allow public and private sector investment into the sector at the upstream and downstream axes of the value chain. Specifically, the IsDB financing will support the Livestock (including beef and dairy) value chains in FCT, Kano, and Kwara. The component's activities will therefore entail the construction and/or upgrading of AIHs of which IsDB will participate in the financing of three Hubs at the following locations:

- (i) Paiko-kore/Dobi Livestock Industrial Hub Gwagwalada Area Council of the FCT for the Beef and Dairy value chains.
- (ii) Bagauda Agro-Industrial Hub in Kano State for the, Tomato, Rice, and Oil Seed (Groundnuts and Sesame) value chains.
- (iii) Lata-Nana Grazing Reserve Special Livestock Processing Hub in Kwara for Beef and Dairy value chains.

Component-2. Agricultural Productivity and Production:

This component will seek to boost the supply of raw materials in the production areas that are in proximity and linked to the Agro-Industrial Hubs being developed under Component 1. Furthermore, the interventions under this component will support farm-level productivity-enhancing infrastructure in agribusiness zones such as irrigation schemes rehabilitation, land development, water supply, etc., and the development of Agricultural Transformation Centers (ATCs). These ATCs will be strategically located within the farming communities around the AIH and would be used for the facilitation of farmers' access to essential inputs such as quality seeds, agrochemicals, farm mechanization/digitalization, and primary handling facilities.

in the guidelines. Consulting services will be selected in accordance with the Guidelines for the Procurement of Consultant Services under Islamic Development Bank Project Financing (current edition).

Specific procurement notices for contracts to be bid under the Islamic Development Bank's international competitive bidding (ICB) or international competitive bidding – member countries (ICB/MC) procedures and for contracts for consultancy services will be announced, as they become available, on IsDB Website as well as two most widely read national newspapers

Pre - qualification of suppliers and contractors may be required for the contracts depending on the amount and complexity

Interested eligible firms and individuals who would wish to be considered for the provision of goods, works and consulting services for the above-mentioned project, or those requiring additional information, should contact the Beneficiary at the address below:
